

'ART AND SOUL

LAUNCH PARTY OF EXHIBITION

Artists from Sutton Coldfield were among those in the West Midlands putting their 'art and soul' into work that featured in a multi-media collection. Sisters Claire Benson and Amy Nightingale, working under the name 'Particle Article' were among the painters, photographers, sculptors, printmakers, ceramicists, textile artists and digital media artists all featuring work at The Gallery at The Custard Factory in Birmingham.

The Platform 01 Nature exhibition (organised by Antika New Media Ltd) showed both traditional and cutting-edge techniques for interpreting the natural world. A launch party was held to celebrate, and Sutton Coldfield's own Claire and Amy were there to toast the occasion.
